Elevate your production with DANDUX products:

DANDUX Elevated Fabric Baskets can increase your production by helping eliminate the need for operators to bend, stoop, reach and lift. Ideal for sewing, embroidering, and sorting operations; anywhere your product needs to be handled. Position this quality product next to your machine operators to elevate and keep their piecework off the floor and within easy reach. Sizes to fit your product and your operation. Want to move product between operation? The **DANDUX Elevated Fabric Truck** is your answer. All the advantages of the elevated basket but with the added maneuverability of easy rolling all swivel 3" casters. Ideal for cutting rooms, apparel manufacturing, laundries, mail rooms, small goods warehouseing, and order picking operations to transport cut pieces, assemblies, components or finished product between operations. Sizes allow access to narrow aisles and keep your product elevated, within easy reach.
